For a while, Celestina had worried that the girl was slower to walk than other children, slower to talk, and slower to develop her vocabulary, even though Celestina read aloud to her from storybooks every day. Then, during the past six months, Angel had caught up in a rush though she traveled a road somewhat different from what the childrearing books described. Her first word was mama, which was fairly standard, but her second was blue, which for a while came out "boo." At three, an average child would be doing exceptionally well to identify four colors; Angel could name eleven, including black and white, because she was able routinely to differentiate pink from red, and purple from blue. By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days. Junior was vigilant. He took note of all those who approached the piano, whether they dropped money in the fishbowl or not. Out of a sphinx face, Obadiah

conjured a smile that lifted the point of his white goatee when he turned his head to look at Edom. "Ah ... so long ago," he murmured, as though speaking to himself. "So long ago ... but I remember now." He winked at Edom. "I've already told them," Joey said, wheeling away from her and yanking open the door of the foyer closet with such force that she thought he would tear it off its hinges. Max hung up. The Ansaphone made a series of small robot-mouse noises and then fell silent. But first, in early July, he stopped taking French lessons. It was an impossible language. Difficult to pronounce. Ridiculous sentence constructions. Anyway, none of the good-looking women he met spoke French or cared whether he did. When he noticed that twilight had come and gone, he realized also that he'd walked through Bright Beach, along Pacific Coast Highway, and south into the neighboring town. Perhaps ten miles. stopped by to help Agnes, and some offered to stay with her at night. She gratefully accepted assistance with the housecleaning, laundry, and shopping, but she declined the all-night company because of her dreams. As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty." "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. Later, at home, he gargled until he had drained half a bottle of mint-flavored mouthwash, took the longest shower of his life, and then used the other half of the mouthwash. "I only told you about that," said Grace, "because it was a very handsome shirt, and I thought you might want to get one for Wally." In Maria's kitchen, still just four days past Christmas, Agnes let dissolve her stoic mask, and wept at last. He briefly closed his hand around the three coins, then with a snap of his wrist, flung them at Nolly, who flinched. But either the coins were never flung or they vanished in midair and his hand was empty. Edom removed two of the pies from the table and put them on the counter near the ovens. Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob. Her father respected and admired Tom, so she was thankful for his presence. And anyone who could survive whatever catastrophe had left him with this cubistic face was a man she wanted on her team in a crisis. "But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening. These statements sounded so convoluted and so bizarre to Agnes that they nourished her growing fear for Barty's mental stability. The reverend made the first toast, speaking so softly that his tremulous words seemed to bloom in Celestina's mind and heart rather than to fall upon her ears. "To gentle Phimie, who is with God." Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan. Animal instinct told Junior that the business with the quarter in the diner and now these quarters in his living room were related to his failure to find Bartholomew, Seraphim White's bastard child. He couldn't logically explain the connection; but as Zedd teaches, animal instinct is the only unalloyed truth we will ever know. Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . . ." When Max answered, Vanadium let out his breath in a whoosh of relief and began talking on the inhalation: "It's me, Tom, and maybe I've just got a bad case of the heebie-jeebies, but there's something I think you better do, and you better do it right now." Too much clatter, drawing attention. No leisure for romance now, no chance for a two-sister score. just kill Celestina, kill Bartholomew, and go, go. "I should," Tom agreed, "but the point is this. . . ." With the finesse of a magician, he allowed the salt shaker to slip out of the concealment of his palm, and stood it beside the pepper. "This is also me." To the growing pile of ruin, she added one of Joey's cardigan sweaters, after popping loose one bone button and almost completely detaching a sewn-on patch pocket. A pair of knockabout khaki pants: quickly clip open the seat seam; cut the corner of the wallet pocket, then rip it with both hands; snip loose some stitching and half detach the cuff on the left leg. Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others. The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest-at last beginning to take form. Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts. "There's nothing here for you," she said, stepping back from the door in order to close it. Junior considered slipping quietly around the house, peering in windows, to be sure she was alone, before approaching directly. If she saw him, however, his wonderful surprise would be spoiled. calm. He tried to imagine what Victoria's breasts would look like, freed from all restraint. Copyright (c) 1997 by Ursula K. Le Guin. This was tedious work and might not bear fruit. He needed to begin somewhere, however, and the telephone directory was the most logical starting point. might be grumpy and would certainly be torpid, bleary-eyed, and uncommunicative. Angel awake was always fully awake, soaking up color texture-mood, marveling in the baroque detail of Creation, and generally lending support to the apperception--test prediction that she might be an art prodigy. Foreword. "We do look somewhat alike," Edom said, shifting his attention to Jacob's left ear. Edom bit his lower lip, shook his head, and stubbornly clung to Barty's left foot. If magic explained the jacks on Friday evening, maybe it was the dark variety of magic. Maybe he shouldn't be endeavoring to summon, once more, whatever spirit was responsible for the four knaves. Over the final refrain of "I'll Be Seeing You" came a man's voice from the foyer, raised quizzically, with perhaps a note of surprise: "Victoria. Glorifying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him. In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. Maybe are for babies, Zedd tells us in Act Now, Think Later. Learning to Trust Your Instincts. "Maybe." In truth, Tom didn't believe that any of this could be learned even by one adept taking instruction from another adept. They were born with the same special perception, but with different and strictly limited abilities to interact with the multiplicity of worlds that they could detect. He wasn't able to explain even to himself how he could send a coin or other small object Elsewhere; it was something he just felt, and each time that the coin vanished, the authenticity of the feeling was proved. He suspected that when Barty walked where the rain wasn't, the boy employed no conscious techniques; he simply decided to walk in a dry world while otherwise remaining in this wet one-and then he did. Woefully incomplete wizards, sorcerers with just a trick or two each, they had no secret tome of enchantments and spells to teach to an apprentice. As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational

exhilaration. That this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood..Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood that had descended over them..He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister..Under a sullen afternoon sky, in the winter-drab hills, the yellow-and-white station wagon was a bright arrow, drawn and fired not from a hunter's quiver but from that of a Samaritan..A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise..Month by month during Barty's first year, Agnes's belief in his exceptional intelligence was only confirmed by his development. By the end of the second month of life, most babies will smile in response to a smile, and they are able to smile spontaneously in the fourth month. Barty was smiling frequently in his second week. In the third month, many babies laugh out loud, but Barty's first laugh came in his sixth week..By comparison, the strip club-neon aglow, theater lights twinkling----looked warm, cozy. Welcoming..Great hobbled wheels of pain turned through Agnes, driving her into darkness for a moment..When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss..After staring at the coins for a long moment, Kathleen said, "I don't think any mystery writer has ever done a series of novels about a priest detective who's also a magician.".He got everything he ordered-full value, and more. When he lifted off the top of the bun to squeeze mustard onto the burger, he discovered a shiny quarter pressed into the half-melted cheese.
