The muffling fog quieted the city as much as obscured it, and the alley was surprisingly still. Many of the businesses were closed for the night, and as far as Junior could discern, no delivery trucks or other vehicles were parked the length of the block..Celestina was maneuvered aside as the surgical team began resuscitation procedures. Stunned, she backed away from the table until she encountered a wall. In southern California, as dawn of this

new momentous day looms. Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child. Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God. EDOM AND THE PIES, into the blue morning following the storm, had a schedule to keep and the hungry to satisfy. "I mean it. You have a lot of responsibilities here. Barty. Pie Lady Services. People who depend on you. Friends who love you. When you came on board with me, mister, you bought into a whole lot more than you can walk away from." By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names. spades. Friday night, she had ripped the cards in thirds and had been carrying the twelve pieces with her since then, waiting for this quiet Sunday evening. straddles him, driving big fists into his back, brutally into his sides. With high fences and hedgerows of Indian laurels. Polio, largely an affliction of younger children, had stricken her two weeks before her fifteenth birthday. Thirty years ago. Skinny, pasty-faced, chattering sissy," he hissed, still so furious with Neddy that he wanted to jam the pianist's head in the toilet even though he was dead. Jam his head in and stomp on him. Stomp him into the bowl. Flush and flush, stomp and stomp. Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood. The station wagon rolled out, the Volkswagen bus followed it, and Wally brought up the rear. "Wagons, ho!" he announced. The morning that it happened, Barty ate breakfast in the Lampion kitchen with Angel, Uncle Jacob, and two brainless friends. He stabbed Prosser, however, merely to relieve his frustration and to enliven the dull routine of a life made dreary by the tedious Bartholomew hunt and by loveless sex. In return for more excitement, he'd assumed greater risk, to mitigate risk, he must have insurance. "If he gets back within the next hour, better ring me at his place so I can scoot." As he raced into the future, the past caught up with him in the form of intestinal spasms, and by the time that he had driven only three miles, whimpering like a sick dog, he made an emergency stop at a service station to use the rest room. Maria fished another chip from the sweating carafe, rejected it, and scooped out a larger piece. She hesitated, staring at it for a moment, and then spooned it between Agnes's lips. "Water can't be broken if it will be first made into ice." The subcontractor who built the quarter-spitting coin boxes was James Hunnicolt, but everyone called him Jimmy Gadget. He specialized in electronic eavesdropping, building cameras and recorders into the most unlikely objects, but he could do just about anything requiring inventive mechanical design and construction. Not a door opened in the narrow street. Nobody looked out to see what the noise was. Not till long after the men were gone did some neighbors creep out to comfort Otter's people as best they could. "Oh, it's a curse, a curse, this wizardry!" they said. Now the hole was revealed. Damp earthen walls. In the shadow of the casket, the bottom of the grave was dark and hidden from view. A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant. Fortifying herself with more coffee, Jolene said, "Edom, you were going to tell us how Joey's coping with fatherhood." "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers—doesn't matter what their religion." Undeterred, the girl said, "Not magic. But maybe I can't learn to do that one, ever." The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at. Looking up at the mirror above the sink, he saw reflected not the self-improved and fully realized man that he'd worked so hard to become, but the pale, round-eyed little boy who had hidden from his mother when she had been in the deepest and darkest end of one of her cocaine-assisted, amphetamine-spiced mood swings, before she traded cold reality for the warm coziness of the asylum. As if some whirlpool of time was spinning him backward into the hateful past, Junior felt his hard-won defenses being stripped away. No one could put him in prison because of his dreams. "I can't remember. Those are the worst, when you're not able to remember them—don't you think? They're always so silly when you can recall the details. When you draw a blank ... they seem more threatening." "Are you all right?" he asked as he opened the passenger's door and helped her into the car. He didn't wonder about his sanity, either, as a less self-improved man might have done. No madman strives to enhance his vocabulary or to deepen his appreciation for culture. Only one member of the distant funeral party did not disperse toward the line of cars on the service road. A man in a dark suit headed downhill, between the headstones and the monuments, directly toward Naomi's grave. Returning the newborn to the nun, Celestina asked for the use of a phone, and for privacy. Not incidentally, the project served as a vehicle by which some older citizens, in financial crisis, could receive money in a way that spared their dignity, gave them hope, and repaired their damaged self esteem. Agnes asked Obadiah to enrich the project by accepting a one year grant to record the story of his life with the help of the head librarian. On the High Marsh. With his refreshed drink, studying Celestina's photograph in the brochure, Junior returned to the living room. She was as stunning as her sister, but unlike her poor sister, she wasn't dead and was, therefore, an appealing prospect for romance. From her, he must learn whatever she knew that might help him in the Bartholomew hunt, without alerting her to his motive. At the same time, there was no reason that they couldn't have a fling, a love affair, even a serious future together. A pathologically suspicious cop, aware of Junior's acute; emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance. Here was an avenue of speculation that he did not want to encourage. When Agnes was surprised to discover that Barty's name had been inspired by the reverend's famous sermon, Paul was startled. He had heard "This Momentous Day" on its first broadcast, and learning that it would be rerun three weeks later by popular demand, he'd urged Joey to listen. Joey had heard it on Sunday, the second of January, 1965—just four days before the birth of his son. Now, trouble. Different from what he'd experienced before but just as powerful and terrifying. He didn't need to regurgitate, but he desperately needed to evacuate. The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her. The third-floor apartment directly over Enoch Cain's unit had been leased by Simon Magusson, through his corporation, ever since it became available in March of '66, twenty-two months ago. "Those were Rowena's affectionate names for the boys when they were babies. Her private nonsense names for them, because she said they were like two beautiful little elves and ought to have elfin names." Junior was free of superstition. He believed in neither gods nor demons, nor in anything between. He felt some guilt at this—but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour

nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards..The sudden change of subject, from the airliner crash to Phimie, confused Celestina.
